

KiwiSchools Connect

Check out our awesome new school App! This replaces the SchoolApp that we were previously using. Our new app is integrated with our new website and will help support effective home/school communication.

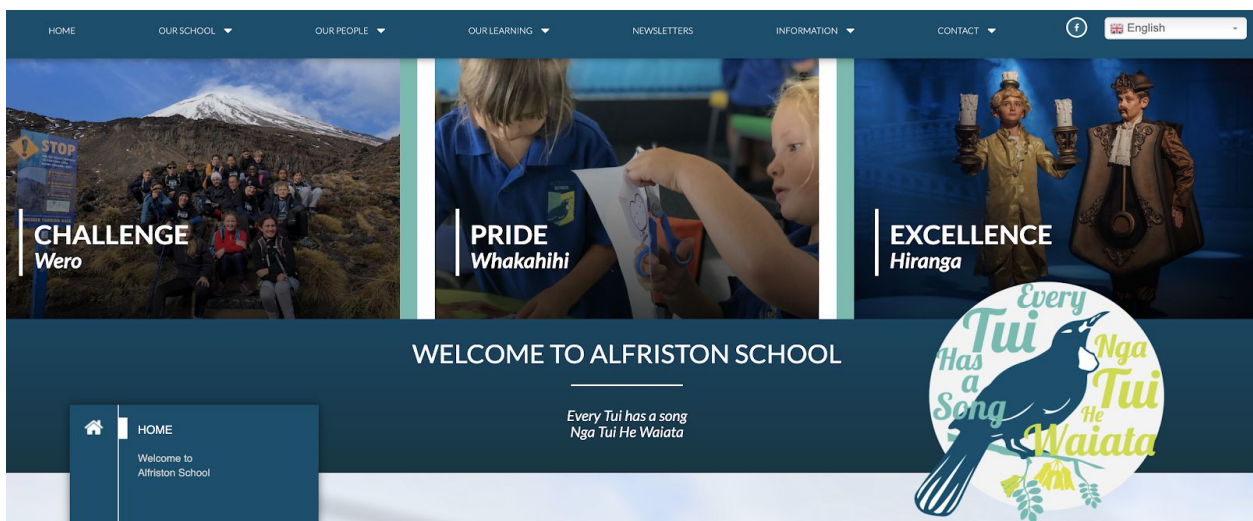

To download the new app, either scan the QR code, click on the [link](#), or go to your phone's app store/Google play and search for KiwiSchools Connect.

Download the app on your phone and select Alfriston School. Choose 'Subscribe to All' or you can choose which groups/classes you wish to receive notifications from - this can be changed or updated at any time.

Our new website has also arrived!

Check out our new website which has news, upcoming events, information about our school and much, much, more at www.alfriston.school.nz

When accessing the new website via a mobile device, please ensure that you turn the device to landscape view for the best mobile experience. All of the links appear as a dropdown on the right of the page.
